

FOR IMMEDIATE RELEASE

We are SO PROUD to announce District 72 Rondout, D67 Lake Forest and D115 Lake Bluff, Lake Forest have committed to becoming an “iCARE4 Adoptive And Foster Families School!”

Attention K-12 Superintendents, Principals, School Mental and Behavioral Health Professionals, and Parents of Adopted, Foster and Kinship children

Is your school an “*iCARE4 Adoptive And Foster Families School*”?

“Trauma Informed” does not mean “Attachment Trauma” informed!

FIND OUT HOW YOUR SCHOOL CAN TOO!
GO TO iCARE4aaff.org today!

There are 300,000 adopted, foster, and kinship children in Illinois, making up 15% of school children, yet they are overlooked and underserved. These kids have different emotional needs than others and seek out mental healthcare support more often. They are often misdiagnosed or misunderstood without trained support professionals.

iCARE4 Adoptive And Foster Families is working to change that!

Let’s UNITE AGAINST TRAUMA and help these kids feel the love of their families, succeed in school, and go on to have friends and family of their own and become all who they were meant to be.

If your school is not an “iCARE4 Adoptive And Foster Families School”, contact us and link to free web-based school mental health training at iCARE4aaff.org. This free curriculum is an evidence-based, trauma-informed and accredited program created by NTI- C.A.S.E. through a multi-million dollar grant by the Children’s Bureau.
